

Environmental Design + Construction

Environmental Design + Construction is the premier magazine exclusively covering the rapidly growing green building industry. Through concise, insightful and solution-driven editorial, this 9-time magazine reports on the innovative products, strategies and technologies that are driving the industry's success. Covering such topics as resource and energy efficiency, alternative and renewable energy sources, indoor air quality, and life cycle assessment, *ED+C* motivates and educates commercial and residential building teams, including architects, interior designers, facility managers, engineers, contractors, and building owners.

Environmental Design + Construction is updated monthly. Contact a DM2 Account Executive for up-to-the-minute counts.
